PROFESSIONAL EXPERIENCE

Gloster Infokommunikation Plc.

Chairman of the Board | 2020 September - present

In 2020, Gloster became a new operator in the stock market. We are expanding and completing our IT services with strategic acquisitions in order to help our partners grow in all areas of the digital transformation process. As a chairman of a listed company, the main responsibilities are creating and executing strategy, ensuring sustainable growth, and gaining and maintaining our investors' trust.

Gloster Infokommunikation Ltd.

Founder & CEO | 2002 December - 2020 September

Gloster was founded in 2002, we are operating as a complex IT service provider with a 100% Hungarian ownership background. Leading a more than 18 years old company in IT sector, managing more than 40 people and constantly increasing the number of customers and service quality – these are the most important results of our story. Our greatest value is the expertise that evolves through the continuous and conscious training of our colleagues.

Amtel Ltd.

Sales Account | 2000 January - 2002 December

Gloster was founded in 2002, we are operating as a complex IT service provider with a 100% Hungarian ownership background. Leading a more than 18 years old company in IT sector, managing more than 40 people and constantly increasing the number of customers and service quality – these are the most important results of our story. Our greatest value is the expertise that evolves through the continuous and conscious training of our colleagues.

KEY STRENGTHS AND SKILLS

- **Proficiency in M&A** - Merge and acquisition is a moderately known corporate development form on the Hungarian market. My experience in this area provides a real competitive advantage to achieve our goals.
- **Strategic thinking and planning** - Compile, analyze, and synthesize external trends and internal data to develop Gloster's business strategy. Find new ways and opportunities on an ever-changing industry (IT).
- **Performance management** - Capability to link employees, talents and teams efforts with the attainment of our company's goals.
- **Decision making** - find and identify viewpoints that help to make the right decision on behalf of the organization.
- **Public speaking** - wide range of skills to effectively draw the attention and addressing my message towards the audience. Manage and hold professional and leadership themed presentations, both on online or offline space.
